(b) Fine of Rs 50,000 plus the price of LPG diverted at commercial rates for 2nd offence, and

(c) Termination of the distributorship for 3rd offence.

(iii) Government have issued advertisements cautioning the public that use of domestic LPG for non-domestic purposes is illegal, dangerous and against national interest. Through these advertisements, cooperation of the general public has also been sought to report any irregularity/ malpractice to the OMCs.

(iv) Government have advised OMCs to introduce different colours for domestic and non-domestic cylinders. This is also expected to help in controlling the diversion of domestic LPG for unauthorized use.

In respect of benami operations and dhabas near petrol pumps, OMCs have instructed their field staff to strictly monitor such cases and incorporate remarks in the inspection report. Special vigilance would be kept on ROs of suspected benami operations with a view to identify the same and take corrective action.

OMCs have launched structured training programmes for SC/ST candidates which would also include training at COCOs and at some high selling ROs to make them aware of their responsibility towards proper functioning of dealership as per Dealership Agreement, MDG etc.

OMCs are encouraging non-fuel initiatives to supplement the income of the dealers by improving the customer service by putting up facilities like Dhabas etc, wherever possible.

(d) The OMCs take action against the dealers found indulging in malpractices as per Marketing Discipline Guidelines (MDG)/Dealership Agreement. The State Governments are also empowered to take legal action against such dealers under the Essential Commodities Act, 1955, which includes imprisonment. Details of number of offenders punished with imprisonment for above malpractices during the last three years are being collected from the States/UTs and will be laid on the table of the house.

(e) While, as per a study conducted by the National Council of Applied Economic Research to assess the genuine demand and requirement of kerosene, siphoning off of kerosene from PDS to non-household use is estimated at 18.1 per cent of total sale of PDS kerosene, no estimation of loss to the exchequer on account of adulteration in petrol and diesel is available.
